Thanks to Bryan Malone for all his invaluable help.

The adult festival play this year is a drama documentary about a drink driving accident. The actual accident took place down south but we have changed the locality to make it more relevant to local audiences in what is an all too universal problem.

We are lucky to have a very experienced team for this play which being performed on **Friday 23rd February in Montrose Town Hall**. We hope you can come along and support us.

This is our youth entry for the festival and we are delighted to welcome some new as well as some experienced players to our youthful cast this year. They are all looking forward to their performance tonight and are excited about the prospect of performing in the festival at **Montrose Town Hall** on **Saturday 24th February**.

If you would like to come along and support us you can get tickets at the door tonight or buy them on the night at Montrose. The young people have all worked very hard under the clever direction of Carolyn Doran. So sit back and enjoy.
